Benefits

- **Extension of Existing System**

  Fills gaps between various system components

- **Information Visibility & Integration**

  Trading Partner Access & Connectivity
  Consolidated Information Views
  User Empowered Reporting Tools
     Standard, Ad-hoc, Private, Public
  Easy Integration with Other Systems

- **Branding**

  Emphasis on Your Company

- **Cost Effective**

  Zero Capital Expenditures
  Maintain Existing Resources
  No Additional Hardware to Purchase
  No Software to Purchase or Maintain
  Reduced IT Resources Needed
